Make a backup of your old savegame that you want to restore Restart the game and save. You can't even put fruit trees Not native! You can also put perfect perfect mixed fruit trees (2 Normal Fruits + 1 Normal + 1 Fruits). This will transform your old savegame into a slid savegame to the console. Do not worry, you can still restore it. This application can damage your unless you are not used correctly. Animal Crossing: New Leaf Save Editor allows you to edit your Animal Crossing: New SaveGame Leaf. No. There must be at least one lake, there must be two waterfalls (wall and sea), there must be a city Plaza Acre, there must be two slopes: you can carefully move them using the acre editor do not do strange things with the Acre editor: Try to keep a vintage acre structure Keep at least two rocks: Move them using the map editor if you need (use the right mouse button to 'Copy' the rock, put it anywhere and then Exclude the original) Keep enough free space for buildings in Plaza Acre City: The game will freeze whenever special visitors (REDD, GRACIE, KATRINA ...) try to put your tents there and there is no spa Sufficient, be careful when moving any buildings: you can adjust the placements of the buildings with the editor, but do not make strange things like putting houses in the water. This means that you injected an old wild game, and the game blocked it using an anti-fraud protection system. I am not responsible for lost data. This is a necessary step. The buildings can also be moved manually by changing their coordinates in the list of buildings, which allows you to put the buildings out of the playable area (the dock should be there). This will allow us to run the checkpoint, which is a simple program that can extract AC: NL (and other games too) SaveGame, then reinsers it after being edited with the editor. editor.
